Evt. kommentarer:

- Good and fun course

Elective: Advanced Grammar: Hvad lærte du af kurset?

- Some techniques for writing creatively.
- I was given an introduction to a variety of different genres, and was challenged to develop my own writing skills. I was both given a theoretical approach to creative writing, but also a more fun and creative introduction to writing games and ways in which you can use writing prompts to spark your creativity.

Elective: Creative Writing: Er der nogle aspekter ved kurset, du vil fremhæve som særligt gode?

- We were able to read each others works
- I loved how hands-on the course was, and how supportive of a classroom-environment Marianne managed to build.

Elective: Creative Writing: Er der nogle aspekter ved kurset, du vil fremhæve som mindre gode?

- We were supposed to comment on other student's stuff but the boundaries for doing so seemed to transparent
- It was unfortunate that this course was placed so late in the day on a day where we had to attend classes from 8:15 to 16:15. I really wanted to participate more than I did, but after back-to-back lectures the general energy level was just kind of low. That being said, the hands-on nature of the course did suit the timeslot, as it would have been much more challenging to attend a very theoretical class after such a long day.

Elective: Creative Writing: Kommentarer/forslag til, hvordan kurset kunne blive mere udbytterigt:

- Clear dates regarding commenting on the blog, instead of everyone commenting on the last day - I was doing the portfolio from week to week and had to wait for people to get done to finish my own exam.
- A better timeslot perhaps? I was generally very happy with the course, though.

Har du nogen kommentarer til spørgeskemaets udformning?

- Great
