

## E21 - Study Environment

Type	Problem / Wish	Status	Responsible
<b>DIGITAL STUDY ENVIRONMENT</b>			
Teaching	More teaching available virtually (recorded) for the purpose of exam preparation/or for revisiting purpose	It is up to the teacher if the lectures should be recorded.	Department
IT equipment	Missing screens in group rooms	Status is that most groups have screens. We are in the process of following up on who is missing. The procedure is for the group to contact Aage Sørensen.	Department
IT Systems	Moodle platform is too fragmented and hard to find things in  Copenhagen students should not receive mail news about Aalborg	Currently this is the platform chosen by AAU. But the issue is discussed at study management level.  A separate forum for Copenhagen has been made.	Department
IT Systems	ITX-flex is not supported by Linux which can be problematic in future	According to Prodean, AAU will continue use of DE system for exams, and a solution for supporting Linux has not been possible to find. Students will be informed about how exams for students using Linux will be dealt with at CS.	Department
<b>PHYSICAL ENVIRONMENT</b>			
<b>FIRST STUDY YEAR</b>			
General	Bad indoor climate in Auditorium/bad seating/long way from F-Club etc.	The issues have been reported over the years to CAS. The administration and students from First Study Year will be moved to Aalborg East as of September 2022.	CAS/First Study Year

## E21 - Study Environment

Type	Problem / Wish	Status	Responsible
Canteen	Canteen quality has been deteriorating since corona. No hot food or new dishes.	The concept has been changed to a "grab and go" concept. However extra canteen personal has been assigned each day to help on the variety of dishes.	Facility canteen
<b>CASSIOPEIA</b>			
Renovation	Glass in seminar rooms at Cassiopeia is disturbing when you walk by	Frosted film has been set up.	Department
Sorting of trash	More clear communication about trash sorting (cardboard, paper etc.)	A reminder about where and how to sort trash will be sent to students.	Department
Group rooms	Sharing of group rooms/noise etc. is not nice	Condensing of square meters is a condition in the future. Students in the groups should agree on rules of work environment.	Department
Canteen	The food is often too salty and too few vegetarian options	The canteen has contacted and will hold back on salt in the food and will consider more vegetarian options.	Facility canteen.
Outdoor	Wish for a green house in the area around Cassiopeia	We are reporting the wish to the Prodean/CAS as this is bigger investment.	Department
Outdoor	Bike sheds around Cassiopeia and NOVI9 are still missing	We have reported this to CAS the recent years and additional bike sheds have been added also recently, but we know it is still not enough.	CAS
<b>NOVI 9</b>			

## E21 - Study Environment

Type	Problem / Wish	Status	Responsible
Indoor climate	Indoor climate in group rooms is not optimal/is not working	A clima logger has been installed in the room.	CAS
Outdoor	Smoking outside entrance to NOVI9 is annoying	A no smoking sign has been set up on bike shed.	Department
<b>FREDERIK BAJERS VEJ 7G</b>			
No shared space	Lack of a shared space to hang out with fellow students	We will clarify, if this in some way can be improved via furniture as the building cannot be changed as it is a temporary lease.	Department
Key cards	Key cards in stead of keys	The lease of FB7G is temporary and installation of key card locks is not expected	Department
Indoor climate	Indoor climate in group rooms	CAS has cleaned the climate device. They will soon make a service check on all rooms.	CAS.
<b>A.C. MEYERS VÆNGE 15 IN COPENHAGEN</b>			
Group rooms (SW3)	Proper groups are missing in Cph.	SW4 in Copenhagen has one big shared room. SW2 has ordinary group rooms. We are working on one room per group.	Department
Building support in Copenhagen	No response or very long response time in Copenhagen from Building Support	Has been reported to CAS.	Department
